Objective

Aspiring Frontend Developer with a solid foundation in HTML, CSS, and JavaScript, seeking opportunities to contribute to innovative projects. Quick learner with a passion for creating responsive and user-friendly interfaces. Eager to apply academic knowledge and develop new skills as a valuable team member.

Technical Skills

- **Programming Languages:** HTML, CSS, JavaScript, Java (OOPs)
- **Web Technologies:** Git, GitHub
- **Frameworks:** React
- **Responsive Design:** Implemented media query responsive design for optimal accessibility across various devices
- **Version Control:** Managed project versions using Git

Experience

Junior Relationship Officer

2022-2023

Axis Bank Ltd. (Quess Corp Payrole) | Visakhapatnam

- Established and nurtured profitable relationships with new and existing clients, showcasing effective communication and exemplary interpersonal skills.
- Surpassed performance metrics by achieving sales goals for bank products and services, demonstrating a commitment to customer satisfaction.
- Provided seamless customer service within a team, collaborating on inquiries and transactions in the car loan sector while maintaining meticulous records.

Projects

Interactive Movie Database

- Led the development of an interactive movie information website, drawing inspiration from IMDb, using HTML, CSS, and JavaScript.
- Ensured seamless accessibility across devices through responsive design principles, enhancing user engagement.

Technologies Used: HTML, CSS, JavaScript, Git, GitHub

Smart Task Manager

- Innovated a responsive and intuitive to-do list web application using Vanilla JavaScript, HTML, and CSS.
- Implemented advanced features like task addition, deletion, and monitoring, elevating the overall task management experience on various platforms.

Technologies Used: HTML, CSS, JavaScript, Git, GitHub

Personal Portfolio

- Crafted a personal portfolio showing personal projects, highlighting versatility in HTML, CSS, and Git.
- Engineered a visually striking and responsive design, ensuring an enriched user experience on diverse devices.

Technologies Used: HTML, CSS, Git, GitHub

Weather Insight App

- Conceptualized and developed a dynamic weather application utilizing HTML, CSS, and JavaScript.
- Empowered users to effortlessly access real-time weather information, including temperature, humidity, and wind speed.
- Ensured an intuitive and visually appealing design for a seamless user experience in navigating weather updates.

Technologies Used: HTML, CSS, JavaScript, Git, GitHub
